&

CONSEJO DE
CONTRIBUYENTES
ARGENTINA

We are The 1841 Foundation and we believe in the future.

Our mandate is to ensure that all individuals have equal access to privacy and the right to own private property. We are also truly invested in the need for tax competition and transparency for all individuals regardless of where they reside.

2022 Tax Annual Summit is the kick-off initial to kick-start the efforts of the Foundation and allow us to initiate the dialogue that we all need to have.

Our goal with the summit is to provide a forum for conversation, learning and education and to bring together individuals who all share our philosophies and goals.
